

Online Exposure (Listing Manager)

To be enlisted with a large number of accommodation directories is an effective way of building your establishment's online presence and when choosing the right directories to list with, it is a very efficient way of ensuring a steady flow of enquiries and bookings for your establishment and will ultimately ensure top occupancy levels.

The Online Exposure Package will ensure that your establishment is represented on the most effective accommodation directories. Our online control panel will provide you with easy access to a quick overview of all your currently active as well as requested listings, a quick link will take you to the actual listing of your establishment on each of the directories to allow you to easily review all your listings and to keep track of the work we are doing for you.

Our Online Exposure Package is ideal for owner or manager of Guest Houses, Bed & Breakfast and Self Catering Accommodation who do not have the time or know-how to set-up and maintain an effective online presence for their establishment.

Our well trained staff and our online admin system allows us to efficiently manage what would take you many hours of your valuable time.
